Biggest Lumber News in Years

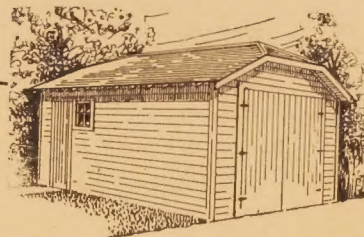

Sales Tax Removed from Lumber and Building Materials to Reduce Cost of Building.

We have made an immediate reduction in all prices of material exempted from sales tax by the recent ruling in Parliament.

This means a real saving to you in the cost of lumber, shingles and other materials.

Making this price reduction means a loss to us, because we have already paid the tax on our entire stock.

This is your opportunity. Let us show you the saving you make by building now.

Garage - \$68.00

for all lumber and hardware. We arrange for reliable carpenters to build it, if desired.

Easy terms are available on Garages.

An Extra Room

can be added to your **\$75.00** Cottage for about ... For Materials

Perhaps your present cottage would be more comfortable if you had an extra room for either a bedroom, a living room or a kitchen. There are so many different sizes that the price varies.

The cost is low, and easy terms are available if desired. On the Home Improvement Loan Plan, 12 months term, an extra room costs, about \$6.46 per month.

Build this

FIREPLACE

that **CIRCULATES HEAT**

The Heatilator Fire Place gives the final touch of comfort and usefulness to a summer or year round home.

It circulates heat to the entire cottage. It Will Not Smoke. It is the ideal cool-weather heating unit for cottages and for homes.

Several Heatilators have been installed at the Beaches and the owners are enthusiastic about them.

For New or Old Fireplaces—

In building a fireplace in a new or old cottage the extra cost is small because the Heatilator saves on labor, eliminates most of the firebrick, saves on brick, and the arch and damper are included. It can be easily installed in an existing fireplace.

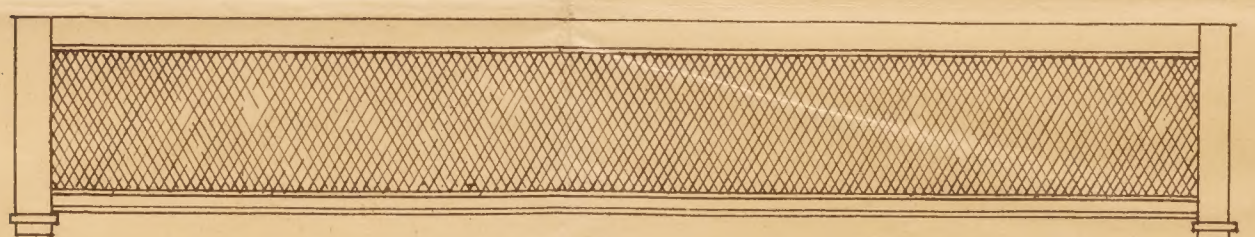

See the Heatilator at Winnipeg office—Find out how easily you can have this useful, attractive fireplace.
